PROJECTS

Margdarshakguj.com (04/2023 - 06/2023)

- The aim of this website is to make it easy for the right people to reach and benefit from the right schemes. On Margdarshakguj website market price, education scheme, child scheme, agriculture scheme, hospital scheme, housing scheme, marriage scheme, vehicle scheme, banking scheme, job scheme, disability scheme, other schemes including small and large schemes are placed.
- HTML, CSS, JAVASCRIPT

EVENT MANAGMENT SYSTEM (12/2022 - 02/2023)

- Event managment system in birthday party, wedding, concert etc event booking are allowed in our website.
- HTML, CSS, LOCAL DATABASE, LARAVEL

Table Reservation System in Android

(12/2023 - 12/2023)

- A table reservation system streamlines the process for customers to book tables in advance, whether digitally or manually. It assists restaurants in efficiently managing their seating capacity while offering customers the convenience of securing their preferred spot for a desired date and time.
- ANDROID, KOTLIN, FIGMA

School Website (01/2024 - Present)

- Our project aims to develop a comprehensive school website using .NET MVC and React.js, seamlessly integrating with Google Sheets for efficient management of contact and admission form data. Through intuitive design on Figma, we'll showcase the school, hostel, college, facilities, gallery, and student results, offering a user-friendly interface for stakeholders. This endeavor merges cutting-edge technology with user-centric design to enhance communication and streamline administrative processes within the school community.
- REACTJS, .NET MVC, FIGMA, GOOGLE SHEET, LOCAL DB
